

**Table 2: Clusters of fractional anisotropy reductions in patients with bipolar disorder relative to healthy controls**

Region	Maximum			Cluster	
	MNI coordinates x, y, z	SDM-Z value	<i>p</i> value	Number of voxels	Breakdown (number of voxels)
Genu of CC	-10,28,16	-2.209	~0	388	Left striatum(21) Left anterior thalamic projections(20) Left inferior fronto-occipital fasciculus(15) Left cingulum(11)
Body of CC	-18,-32,32	-2.470	~0	180	Left cingulum(43) Left superior longitudinal fasciculus(12)
Body of CC	16,-6,36	-1.303	0.000318885	127	Right anterior thalamic projections(15)

Abbreviation: CC, corpus callosum; SDM, signed differential mapping; MNI, Montreal Neurological Institute
